

# **Welcome Djangofest NW festival Campers!**

## **Please notice:**

Music or noise is not allowed in the Campground after 9:00 p.m., per City of Langley Noise Ordinance, Chapter 8.10.030. We have other campers staying here that are not a part of the festival, and they need a restful night's sleep to wake early for work. Yes, work!

After 9:00 p.m., music can be played, at your own risk (Langley Police Department will make regular patrols to enforce the noise ordinance), at these approved outdoor locations on the Fairgrounds:

1. The white Dog Barn and 4H Dog Bleachers
2. The Main Stage and bleachers
3. The Grandstand (This is a last resort option – Langley residents live in homes right behind the Grandstand and trees. You have been warned!)

Please see the Fairgrounds and Campground Map for reference to the locations listed above.

## **Be aware:**

Island County has a Type II Burn Ban in effect (since August 3, 2017), which means:

- No outdoor burning of natural debris – even with a permit.
- No recreational fires.

The use of barbeque grills using propane or briquettes, or self-contained camp stoves are exempt from a Type II Burn Ban. We highly encourage keeping water next to your fire in case of emergency!

## **Required:**

You must inform yourself of Campground policies, by reading the posted Rules, Regulations, and Conduct. Paying for camping services means you accept and will abide the policies. We want everyone to enjoy their stay!

Let me know if you have any questions!
